2016-2017 School Year

# Financial Education Program Reach

For the 2016-2017 School Year

Since our founding in 2008, EVERFI's financial education courses have reached millions of students in communities across the country.

Your partnership provides these digital education resources to schools in your community at no charge to the school or district, ensuring that students receive the engaging financial education resources they deserve.

## Your Impact

Financial education courses cover everything from introductory topics like saving and budgeting to advanced topics like insurance, taxes, and investing.

After completing your financial education program, students have a more thorough understanding of financial concepts and are better prepared to make decisions now that will help them achieve their financial goals in the future.

# Knowledge Gain: EVERFI

After taking EVERFI – Financial Literacy, your students increased their scores on assessment tests by an average of 90%. Here's how they performed by topic:

**Students showed the most gain in Investing and Renting vs Owning**

# Preparedness: Money Management

Research shows that feelings of self-efficacy – confidence in one’s ability – are an important outcome of financial education, contributing to financial capability into adulthood. After taking EVERFI – Financial Literacy, students are more confident and better prepared to make financial decisions.

Here’s what they told us there are now prepared to do after taking a financial education course:

Decide how much of their money to spend and how much to save. **Up 13% from before the course.**

Choose the right type of bank account for their money. **Up 36% from before the course.**

Know which payment type to use for a purchase. **Up 42% from before the course.**

Check their credit score and understand what it means. **Up 118% from before the course.**

Apply for financial aid or loans to help pay for college. **Up 76% from before the course.**

Decide whether to rent or buy a home in the future. **Up 54% from before the course.**

# From Students and Educators

## From Students

“I like that you get to interact with the courses. It makes it more fun than just having to sit and listen to someone talk and tell you what you’re learning. The games force you to figure out the answers for yourself. It challenges you in a good way.”

**Student** Washington, DC

“EverFi made me more comfortable, and even excited to go out in to the real world, and it helps me understand how good planning and money management can effect my future. The modules are interactive, and I love that. I can honestly say the modules I went through provided answers to many of my financial questions.”

**Student** Fairfield, California

## From Teachers

“The EverFi program is an invaluable resource for our students as a method for engaging instruction in the principles of financial literacy. We include this program in our economics course because of its relevant and authentic application to students’ lives. Students grow as a result of this program in extremely positive ways – both in their understanding of financial literacy and their interest in the subject matter. “

**Social Studies Curriculum Director, AP Coordinator**

Des Moines Public Schools, Iowa

**93% of teachers would recommend the EVERFI course they used this year to a fellow teacher.**

“With quality design and implementation support, EverFi makes blended learning instruction much more accessible for a greater number of teachers.”

**Assessment, Research, and Evaluation Consultant**
